

# SUBSCRIPTION AND PROVISION RULES

(updated version, modified on 16/06/2021)

The MICO token (hereinafter only MICO) can be subscribed, purchased and managed in accordance with the current Terms and Conditions ([www.mohinico.com](http://www.mohinico.com)).

After the discounted Prelaunch period, the official exchange rate of MICO is:

**0,1 USD/1 piece of MICO**

In the 1-3 cycles of the Prelaunch period (3rd March 2021 - 15th June 2021), a total of 51.505.488 were transferred from the company to the wallets of the user partners.

Taking into account the volume issued and the current exchange rate of MICO, the market capitalization is: \$ 5.15 million.

The company plans to sell 333,333,333 pieces of MICO by the beginning of the ICO period. Thus, after the prelaunch sale, the remaining 281,827,845 pieces of MICO can be sold until the start of the official ICO period.

## **MICOs are stored in wallets as follows**

**1. MICO Wallet:** a wallet created by the company for its registered partners on the Tron blockchain. All MICO will be transferred here for which the Partner has paid or provided by the company as a bonus, following the user's order / declaration of transfer. The company will provide a private key in case the required security authentication is performed by the Partner.

### **Internal registry wallets can be found in the web office**

**1. My Wallet: My Wallet:** All MICOs are listed here for which the Partner has paid.

**2. Bonus Wallet:** All MICO received by the Partner as a post-purchase bonus will be listed here.

**3. Affiliate Wallet:** Affiliate activity is subject to a 10% referral commission, which is credited to MICO in this wallet. Anyone can be an Affiliate Partner who has registered on [mohinico.com](http://mohinico.com). Referral commission is due to the Affiliate Partner if a new registrant enters the system on his recommendation and purchases MICO. There is also a referral commission if a new registrant arrives on your referral and is eligible for the sign-up bonus. Bonuses are recorded on a weekly basis until Sunday of a given week.

**4. Mohini Wallet:** this wallet includes the sign-up bonus, such as the \$ 9.99 MICO or later other such sign-up bonuses. Bonuses are recorded on a weekly basis until Sunday of a given week. The allocation from the wallet can be limited by the company or fixed to expected conditions.

## MICO Proof of Staking (MPoS)

More and more people are mining cryptocurrencies, earning passive income and extra cryptocurrency. But mining isn't the only way to increase the quantity of your crypto money.

Staking serves the same purpose, and all you have to do is store a chosen number of MICOs for a certain amount of time and not use it.

If you want to have more MICOs, give it to the company, lock it down for a set amount of time, and get more back!

### What do you have to do?

1. Decide how many MICOs you are willing to "lock", stake and for how long.
2. Have this on the form provided or if you have already sent your MICO to your MICO Wallet, transfer the required number of MICO to the selected pool!

Different pools are created for different periods of time. The pool has a % value, so you get more MICO back from us after the deadline.

1. Pool, 90 days (3%)
2. Pool, 180 days (8%)
3. Pool, 270 days (13%)
4. Pool, 360 days (20%)

In case you decide to terminate your staking before the staking period ends, notify us by sending an email to the [support@mohinicoïn.zendesk.com](mailto:support@mohinicoïn.zendesk.com). In such cases, the extra MICOs dedicated to the previously selected pool won't be received.

It is worth deciding as soon as possible which pool you want to place your MICOs in, because the sooner the growth starts!

First upload period: 16th June 2021 – 15th July 2021. An order can be submitted at any time during this time interval, and from the date of the order, the staking starts automatically. After that, we will not be able to accept a staking order for a while. Information about the next stake period will be provided in a newsletter.

## **MICO Sell Order**

If you don't want to keep your MICOs, give the company an order to find a buyer for you! We collect these needs into the Sell Order Pool and sell the MICO collected there in larger packages.

**We accept sell orders at the rate of \$ 0.033.**

It is important to clarify: it is not the company that buys it back, we find a buyer for it. That is why we cannot guarantee that we will be able to sell all or part of the quantity you offer for sale.

We collect the claims, look for a buyer for it, and from the amount received, we pay the MICO consideration to each principal on a pro rata basis. This means that each principal benefits from the sale in proportion to the size of the order placed.

We will create several Sell Order Pools, orders can be submitted to the first Sell Order Pool until 30th June. The minimum quantity you can place in a sell order is 3,333 MICO.

The order cannot be revoked for 60 days, after which it can be revoked at any time. If, in the meantime, any part of the quantity ordered has been sold, the company will pay it on the basis of the monthly invoices.

Payment is made monthly in one of the cryptocurrencies accepted by the company (e.g. BTC, ETH, USDT, TRX, BNB, LTC) depending on the cryptocurrency in which the sale took place. The transaction fee for the allotment is borne by the principal, which is automatically deducted from the amount to be allocated.

### **What do you have to do?**

Decide how many MICOs you want to sell.

Have this on the form provided, or if you have already sent your MICO to your MICO Wallet, transfer the required quantity of MICO to the Sell Order Pool.
